

2018 PROVIDENCE CORPORATE CUP RUN/WALK

TENT & COOK-OFF CHALLENGE RULES AND REGULATIONS SATURDAY, MARCH 24, 2018

If you ordered a **tent rental**, we will provide the tent set-up and take-down, and 12 chairs and 2 tables under your tent. If you ordered **tent space only**, you will still be provided with 12 chairs and 2 tables. Please do not “borrow” someone else’s tables or chairs without permission. If you have paid for and ordered additional chairs and tables, they will be located under your tent or adjacent to your tent space. If you have any questions, please call **Dan Falanga at 985-507-0457**.

Companies bringing its own tent(s) are welcome to set them up on Friday evening before the race, if desired. If companies decide to set up its tent on the morning of the race, please be aware that access to the site will be congested. Organizations will be allowed to begin setting up in the areas at 6:00 am, but not sooner unless otherwise authorized by a Providence Corporate Cup official. Please be patient and courteous to all participants.

Please remember that we have thousands of runners and walkers. Areas other than your immediate tent area must maintain full clearance for foot traffic, pre-race warm-ups, medical needs, etc. Please assist us in complying with these rules so we can have a safe and fun time!

Parking is an issue we must all work around, so please make sure your representatives arrive early enough to make deliveries before 7:45 am and to park and walk to the race.

Trash receptacles will be placed in all tent areas and throughout the race footprint. The City of Baton Rouge as well as the Downtown Development District **restricts grease, food, or trash placed on the ground**. We ask that you please keep your tent and cooking area clean. In the unlikely event that the District determines an area needs to be cleaned because of cooking grease spills or trash, any fees assigned by the District will be passed on to the organization where the offense is located.

Providence Corporate Cup tent participants:

- Absolutely NO vehicles are allowed on the grass areas or the cemented apron area of the median strips. The City of Baton Rouge landscapes and maintains these areas and we must comply with its rules.
- NO parking will be allowed on any of the street closure areas... NO EXCEPTIONS! City Police will enforce this policy and towing will be enforced in these areas.

- The City Police will be given a company tent and vendor list (indicating the name of each company that reserved space). This will allow vendors or employees to set up PRIOR to the race at your tent area. Only deliveries and unloading are allowed. No parking! Vehicles will be towed after 7:45 am if not moved. Please make sure you advise your delivery personnel, cooks, etc. of these rules.
- **Vehicles obstructing passage of foot traffic or Providence Corporate Cup set-up of start, finish line or tent areas will be towed!**
- You must have a company tent to participate in the cook-off challenge. Judges from Big Buddy and Mid City Redevelopment Alliance will make their presence known when stopping in. Please let the operations tent know if you are participating in the cook-off challenge.
- No BBQ pits are allowed. Propane tanks and burners are acceptable.
- The area must be cleaned and all food debris properly disposed of at the end of the race.

We thank you for your cooperation and helping us make race day a huge success!
